- 183 subsidiaries in 27 countries with approx. 100.000 employees
- Sales 2022/23: 1,292 Billion Yen (approx. 9.2 Billion €)
- Ultra-precision machining and mass production technologies

Products:

- Mechanical components
(e. g. ball, rod end & spherical bearings)
- Electronic Components
(e. g. LED-Backlights, electric motors, antenna)

Applications:

- Automotive
- Aerospace
- Electronic etc.

New Hampshire Ball Bearings, Inc.
— MinebeaMitsumi Group —

The Business Unit NHBB/myonic

- International cooperation within the group
- Partner companies operate in a similar business area
- Synergy effects enable tailor-made technical and methodical solutions

myonic at a Glance

Number of employees 2022/23: 547 (by: 31.03.2023)

Sales 2022/23: Approx. 67 Mio. €

Production Sites

- Leutkirch (D): myonic GmbH (Headquarter + Production)
- Leutkirch (D): myonic GmbH (Production Machine tool components)
- Roznov (CZ): myonic s.r.o. (Assembly plant)

Sales Offices

- Chatsworth (USA): myonic USA
a division of New Hampshire Ball Bearings (NHBB Inc.)
- Further distributors and sales partners worldwide

Leutkirch (D), Steinbeisstraße

- myonic Headquarters
- Production of high precision components
- Special assembling
- Two air-conditioned production sites (10,000m²)
- Cleanroom ISO 7
- Laminar flow boxes ISO 5
- 356 employees (by 31.03.2023 – incl. Nadlerstraße)
- Certified ISO 9001:2015
- Certified ISO 14001:2015

Leutkirch (D), Nadlerstraße

- Production site Machine tool components
- 21 employees (by 31.03.2023)
- Manufacture of high-precision components for machine tools
- Bearing assembly for machine tools
- approx. 2,300m² air-conditioned
- Certified ISO 9001:2015
- Certified ISO 14001:2015

- Flexible assembling of bearings and systems
- Production of stamping parts
- Production site (3,500m²), air-conditioned
- Cleanroom ISO 7
- Laminar flow boxes ISO 5
- 189 employees (by 31.03.2023)
- Certified ISO 9001:2015
- Certified ISO 14001:2015

Sales per Market

Sales per Region

*without Germany

APPLICATIONS

Dental

- Turbine handpiece
- Angled handpiece
- Drive motors
- Surgical tools

APPLICATIONS

X-Ray

- Computer tomography
- Mammography
- Diagnostics

APPLICATIONS

Medical - Special applications

- Head of an effector tool in endoscopic surgery
- Bone saw
- Components for prosthesis

APPLICATIONS

Aerospace

- Navigation Systems
- Fuel control for machinery technology
- Cryo coolers for camera systems
- Switches/relays for satellites
- Laser-aided simulation for navigation and combat

APPLICATIONS

Machine Tool Components

- Round table systems
- Rotational axes
- Linear jacking units

APPLICATIONS

Industry / Green

- High-speed spindles
- Gas meter
- Components for pick & place machines
- Flywheel storage
- Turbomolecular pump

Excellent employer

Awards:

- 2020:** Best Employer Baden Württemberg (rank 6), Allgäu (rank 1), Germany (rank 9)
- 2018:** Best Employer Baden Württemberg (rank 5), Allgäu (rank 1), Germany (rank 14)
- 2016:** Best Employer Baden Württemberg (rank 4), Allgäu (rank 2), Germany (rank 54)

A Great Place to Work

The challenge:

In a region with nearly full employment effective growth is only possible with adequate and motivated employees

Strategic target of myonic:

Steady improvements in the workplace culture and the quality of the employer

Central workplace topics:

Trust, identification, team spirit, career chances, payment, health promotion and work-life balance

Regular benchmark studies:

(staff surveys + HR/management/culture surveys) executed by the Great Place to Work[®] Institute rate the success of the measurements
